With the end of the United War Works Campaign but twenty-four hours distant, there is every reason to believe that Orange county is going to have a total of over \$100,000 for the welfare of the soldiers.

The total at noon today, as shown by figures at the headquarters of the county chairman, S. H. Finley, was \$34,376. That gives Orange county 115 per cent of its quota, and with the enthusiasm of the workers not yet satisfied there is no question but that more than \$5,000 in addition will come in before tomorrow evening. Any person who has not subscribed and wants to do so, must hasten.

The campaign officially ends tomorrow evening, and by Thursday noon Chairman Finley expects final and complete reports from every district in the county. Up to noon today thirty-four of the fifty districts had reached their quotas.

Check of \$2,000  
Today a check of \$2,000 was received from the Standard Oil Company for the United War Works Campaign fund. The Standard Oil has been contributing through a number of the communities as well as through the county organization. Today's check of \$2,000 brings that company's contributions up to over \$6,000 in this county.

The Schools  
Reports of excellent work done by the Victory Boys and Victory Girls of the schools of the county have been received, and they total as follows:  
Total subscribers—Anaheim, 246; Fullerton, 262; Huntington Beach, 193; Orange, 39; Santa Ana, 364.

Total amount—Anaheim, \$689; Fullerton, \$894.50; Huntington Beach, \$376.50; Orange, \$106.25; Santa Ana, \$237.90.

### FRANK A. WALSH QUILTS U. S. WAR LABOR BOARD

WASHINGTON, Nov. 19.—Frank P. Walsh, joint chairman of the National War Labor Board, today tendered his resignation to President Wilson.

Walsh declared that he found it imperative to return to his legal practice at Kansas City.

It was reported today that former President Taft, the other joint chairman, also might resign, both of the men having taken up their duties only for the period of the war.

It is likely the President will continue the board under a chairman or formulate a new one to take care of wage problems growing out of the readjustment period.

### SEARCH FOR ALLEGED LOOTER MARINE SAFE

VALLEJO, Cal., Nov. 19.—Police in all the bay cities joined in the search today for Sergeant Major Payne of the United States marine corps, who is believed to have looted the post exchange safe at the Mare Island navy yard of \$2600.

Payne went on liberty Saturday and was to have returned yesterday morning. When he overstayed his leave, officers began an investigation.

### EX-EMPEROR KARL IS VIRTUALLY PRISONER IN ECKARTSAU CASTLE

LONDON, Nov. 19.—Emperor Karl is virtually imprisoned in Eckartsau castle, according to a Vienna dispatch to the Times.

The present food situation in Austria is said to be bad. It is stated there is practically no meat, bread or margarine.

Austrian aristocrats and government officials have not suffered from the war, according to the dispatch. None of them served in the army, all of the officers being furnished by the middle classes.

Enormous profiteering is charged. Butter is selling at \$1500 a barrel. Many profiteers have become millionaires.

### LATE WIRE NEWS

LOS ANGELES, Nov. 19.—Six hundred and eighty-six new cases of Spanish influenza were reported here today but health authorities said the figure included a number which had developed several weeks ago and had not been officially reported.

LOS ANGELES, Nov. 19.—Two sections of the new pleasure pier at Manhattan Beach collapsed today under the pounding of heavy seas, and the remainder of the structure was endangered. No one was hurt.

### OVER-SUBSCRIBE, ASKS GOVERNOR STEPHENS

SACRAMENTO, Nov. 19.—Gov. Wm. D. Stephens has issued a proclamation urging the people of California to give their most generous support to the United War Work campaign during the closing days of the drive.

"Over-subscribe," he urges. "The need, in some respects, is greater than ever."

### GERMAN APPEAL FOR SYMPATHY IN VAIN

Solf's Whimper and Bolshevism Threat Falls on Deaf Ears at Washington

WASHINGTON, Nov. 19.—Germany is appealing in vain for the present, for modification of the armistice terms.

Her latest attempt to get the terms modified fell today on deaf ears here. There will be no change of terms before the thirty day life of the armistice is concluded, according to the belief. What will be done thereafter in the way of extending or altering the armistice is a matter for the military men to decide.

Dr. Solf has wireless here and to the Allied capitals asking for a tempering of terms as to the Rhineland occupation, but authorities see no reason to alter them now. The spectre of bolshevism is used by Solf as a reason for modification.

The Versailles conference and the associated governments took this destructive influence into account in all they did, and they realize that there really is a danger from that source. However, they do not intend to imperil Allied supremacy through a false sympathy.

In fact, the German propaganda of sympathy has long since begun to pall on this government. It is now taking the course of withholding the wireless plaints from Germany on the theory that most of them are propaganda efforts without real merit.

Meantime, cable reports indicated today that Herbert Hoover would soon go to Germany to see whether the starvation whines of Solf are justified or hysteria.

The government regards Solf's talk of bolshevism as largely an effort to get sympathy by rather coercive methods. In other words, it holds that Solf is trying to raise the bugbear of anarchy as a reason why this nation should be inordinately sympathetic with the plight of the German nation.

### ASKS \$160,000 FOR BREACH OF PROMISE

LOS ANGELES, Nov. 19.—Miss Roma Raymond, pretty Polish girl, was in Los Angeles today, her arrival yesterday from New York having been marked by the immediate filing of a \$160,000 suit against Earle Williams, actor, alleging breach of promise. Miss Raymond alleged she met Williams in New York in 1912 and for several years treated him "carefully, kindly and lovingly," but a few weeks ago she learned he had married Miss Florine Walz, wealthy New York girl.

### GARbled REPORT FROM GERMANY IS DENIED AT WASHINGTON

Resumption of Hostilities Not Threatened; Plot to Trick Allies Is Hinted

STOCKHOLM, Nov. 19.—President Wilson has informed the German government, through neutrals, that unless the Germans maintain internal order hostilities will be immediately resumed, it was declared in a Berlin dispatch received here today.

WASHINGTON, Nov. 19.—President Wilson has not threatened Germany with a resumption of hostilities if order is not restored there, the State Department announced this afternoon. The Stockholm message declaring such a message to have been sent is believed here to have arisen from President Wilson's recent note to Germany promising food if order is restored and maintained. Whether Germany is purposely garbling the President's message is not known, but today's report is the second garbled one to come out of Germany. The first report was that the President had demanded that order be restored and the Bolsheviks put out of Germany.

LONDON, Nov. 19.—The Express said today:

"There is evidence of a plot to trick the Allies, create a new German federation stronger than the former empire, foment revolutions in Holland and Switzerland, which would be added to the federation, and then foment revolutions in Allied countries and possibly in Sweden. Eventually the Kaiser would return."

French Want Light on Bill  
PARIS, Nov. 19.—French newspapers insist that more light be thrown on the status of William Hohenzollern.

L'intransigent wants to know whether the "Dutch scandal" will keep up.

"It is certainly revolting to see the man responsible for everything comfortably adapting himself to a purely political 'abdication,'" says L'intransigent. "It is also revolting to find Holland offering facilities to an ex-royal who thus is admirably placed to conduct intrigue and propaganda for again seizing power."

The Temps insists that the affair needs clearing up. It points out that Prince Max of Baden did not state the Kaiser had abdicated; that he had "decided to abdicate."

The German press calls William's sojourn in Holland "idyllic."

Ebert Issues Warning  
AMSTERDAM, Nov. 19.—"If the enemy sees that anarchy prevails, he will dictate peace conditions which will destroy German economic life," Chancellor Ebert declared in an address to the workmen and soldiers at the reichstag, a Berlin dispatch reported today.

"We do not want a 'red guard.' Democracy will march on only if its head is untouched."

According to the Vossische Zeitung, Ebert stated that the constituent assembly will be summoned as soon as possible after the elections to be held in January.

### U. S. CLAMPS LID ON EXPORTS TO EUROPE

WASHINGTON, Nov. 19.—The railroad administration, in conjunction with the war department, has clamped the lid on exports which are held to be non-essential in reconstruction work.

Announcement was made by the railroad administration today that hereafter no permit will be issued for immediate overseas movement unless the commodity is shown to be of a character which will aid in rebuilding the war-torn sections of Europe.

### CHARGED BROKER FORGED A CHECK

LOS ANGELES, Nov. 19.—Charles W. Sharpe, business broker and accountant, was under arrest here today pending investigation of a charge that he forged a \$1000 check on a Portland bank. He gave the check, it was alleged, to an automobile salesman in part payment for a car.

Police said today it was the second time Sharpe had been arrested here. The first occasion they said was three years ago when he was taken as an escaped convict from the Walla Walla, Wash., penitentiary.

### LAST MINUTE BULLETINS

LOS ANGELES, Nov. 19.—The rain which has given Southern California a good wetting in the last 36 hours today was on its way to Arizona, reports to the weather bureau indicated at noon.

The weather bureau said the present storm is about over, but it would not guarantee what was going to happen next.

PARIS, Nov. 19. (By wireless to New York).—French troops under the command of Marshal Petain entered Metz this morning amid scenes of indescribable enthusiasm, the official statement from the French war office said today.

LOS ANGELES, Nov. 19.—Construction work on the California highway system will be resumed just as soon as the capital issues committee grants the permit for the sale of \$4,000,000 worth of highway bonds, State Highway Commissioner Darlington declared today. The fuel administration's cancellation of restrictions on the sale of oil for highway building purposes leaves the capital issues committee's permission the only barrier to resuming work.

JEROME, Ariz., Nov. 19.—Joseph Reiter, registered alien enemy, arrested here a month ago, has confessed to local authorities that he agreed to blow up the smelter of the American Refining company at Hayden, Ariz., for \$5,000, it was announced today when he was taken to Prescott to be turned over to federal agents.

His confession, authorities declared, may throw an interesting light on the explosion at the Gillespie, N. J., munitions plant.

Reiter said that at Guaymas, where he bargained with alleged German agents for the destruction of the Hayden smelter, he was shown a suitcase bomb which he understood was similar to one which had been placed in the Gillespie munitions plant.

Local authorities declared that Reiter's statements might lead to developments of exceptional importance.

SAN FRANCISCO, Nov. 19.—Thomas J. Mooney today issued a statement from his cell in the condemned row at San Quentin penitentiary reiterating his belief that he will be saved from the gallows despite the refusal of the United States supreme court to review his case.

SANTA MONICA, Nov. 19.—What was believed to have been a sudden earthquake shock at 12:15 o'clock this afternoon broke windows, shook down gutters of plaster and did heavy damage in Santa Monica, Venice, Sawtelle and vicinity, but was practically unfelt in Los Angeles.

It was the second mysterious shake of the kind felt here within a year.

First belief was that a heavy oil explosion had occurred, but widespread inquiry failed to reveal any explosion of oil, powder, or other inflammable.

THE HAGUE, Nov. 19.—The German Workmen's and Soldiers' Council at Antwerp is reported to have proposed Thursday to the Berlin council that the former Kaiser, crown prince, and other military officials should be extradited from Holland to Germany.

WASHINGTON, Nov. 19.—Senate Republicans in caucus today demanded immediate assertion by Congress of its full functions and the abrupt termination of "executive government." In a session marked by complete harmony, the caucus adopted the following resolution:

"That the Congress shall assert and exercise its normal and constitutional functions including legislation necessary for reconstruction."

WITH THE AMERICAN ARMY ADVANCING TOWARD THE RHINE, Nov. 19.—Upon the general line attained in its second day's march, the Third army was resting today awaiting further orders. The interval was being spent in organizing lines of supply and communication and bringing up supplies for the next phase of the advance which will begin shortly.

Engineers are rebuilding miles upon miles of railway. Six thousand were working today on a three-mile stretch toward Metz.

Columns of trucks miles long were hurrying up reserve supplies and new divisions were moving in behind the advance units, occupying the back areas. Other divisions were maintaining the lines occupied before the armistice while still others were moving back into rest areas.

### PRESIDENT GOES TO FRANCE IN DECEMBER, HE ANNOUNCES

Will Seek to Form League of Nations, May Be Its First President

BY ROBERT J. BENDER  
(United Press Staff Correspondent)  
WASHINGTON, Nov. 19.—America's ideals for a lasting peace will be propounded at the great peace conference by President Wilson in person.

Sweeping aside all precedents, the President has announced he will sail for France early in December to actively participate in the conclave at Versailles.

With him will go Mrs. Wilson and Admiral Cary T. Grayson, his private physician. Secretary Tumulty probably will remain on this side to assist Vice President Marshall in conducting executive duties if Marshall is left responsible for them during the President's absence.

Only unlooked-for developments in central Europe will now change the plan to have the peace conference in mid-December, and the domestic situation here is expected to raise no obstacle in the path of the President's plan to attend.

While the President will be unable to sit in the entire conference, he will participate in the discussion and settlement of the main features of the peace treaty. Thereafter he will turn the conduct of America's part in the conclave over to the United States delegates who will accompany him.

The President is now giving much thought to the personnel of the delegation. He would prefer to have it made up largely from his own official family—members of his cabinet, of whom those most influential in assisting him to shape the foreign policies of the government have been Secretaries Lansing, Baker and Houston.

There will be one Republican at least in the delegation. It is pointed out by his advisers that he must select a Republican who has shown sympathy with his foreign principles of peace which have been adopted by the Allies also on theirs.

The conspicuous Republicans who might be mentioned for the peace post like former President Taft and others, joined in the attack upon these principles during the recent campaign. Neither Charles E. Hughes nor Elihu Root, however, shared in these attacks and it is possible one of these may be selected by the President as the Republican representative.

Some believe, on the other hand, that he may select his man from the Progressive wing of the Republican party and in this connection, Senator Borah, Idaho, is mentioned.

If the President goes, he will deliver his annual message to Congress outlining his policies of reconstruction.

It is pointed out by his friends that he will be back from the conference in ample time to take up personal charge of his proposed legislation if necessary.

Today there was a flood of appeals by senators and others to be taken along on the mission. Friends of Senator Saulsbury, president pro tem of the Senate, are urging the President to name him as a delegate. They point out that Saulsbury is a member of the Foreign Relations committee and that President McKinley appointed Senator Frye, then president pro tem of the Senate, as a peace delegate after the Spanish-American war.

Since the United Press first reported the President was planning to go to the peace conference, there has been wide discussion throughout the nation as to the advisability of his leaving Washington at this time. The President holds that of all the world problems, none is so important as that there should be no more war.

His main object in going is to facilitate the formation of a league of nations. The rules upon which this league is founded must, he says, be included in the peace treaty and henceforth become the basis of the settlement of all international differences.

While the league idea has been more or less hazy, its general outline has been thoroughly discussed by the inter-Allied diplomats. It is to be a super-independent state to which every independent state will be pressed to subscribe and whose powers will assure protection to all great states and small alike.

The league implies formation of an international high court for settlement of all disputes between states.

### 6 HUN DREADNAUGHTS, TWO BATTLE CRUISERS ON WAY TO SURRENDER

WASHINGTON, Nov. 19.—The disposition of German battle craft ordered turned over to the associated governments will be left to the peace conference.

This fact developed at the navy department today.

This information disposed of an impression in some quarters that a division of the spoils had been settled on. It is recalled in this connection that Germany had to "surrender" all her submarines but the term "surrender" was not used in connection with the major craft.

It developed today that Admiral Benson, American chief of operations, will probably remain at Versailles throughout the peace conference.

Benson had a voice in the determination of what ports the German battleships should be sent to, but it was said today there was no recommendation for internment in any American ports.

What disposition shall be made of American naval ships now abroad is not fully determined.

Relaxation of the guard line will be possible as soon as the German ships are dismantled or interned. What portion of the American ships can then be returned home or assigned to other duty is a question yet to be decided.

The Atlantic fleet is mainly stationed in Yorktown harbor, Virginia. Thus far no orders to shift it have been given. Secretary Daniels has just completed his annual report to Congress, the longest one he ever made. It will be published in December. He gives an extended review of the navy operations in the war.

COPENHAGEN, Nov. 19.—In compliance with the armistice, the German dreadnaughts, Bayern, Grosser Kurfurst, Kronprinz Wilhelm, Markgraf, Kaiser and Koening Albert, and the battle cruisers Seydlitz and Moltke, left Kiel on Sunday en route to the North sea.

British admiralty reports said the German fleet was to leave its bases at 5:30 yesterday morning. Unofficial advices late yesterday said the enemy ships would not leave until Wednesday morning and would surrender Thursday morning.

The ships named in the above dispatch are only a portion of those to be turned over to the Allies.

### HERBERT HOOVER MAY GO TO BERLIN

Food Administrator Expected to Study Alleged German Famine First Hand

BY JOHN DE GANDT  
(United Press Staff Correspondent)

PARIS, Nov. 19.—That Herbert Hoover will go to Berlin within two weeks to study the German food situation first-hand, was the belief expressed here today.

The plea of the Germans that continuance of the blockade will cause great hardships owing to the food shortage is expected to be thoroughly investigated by competent Allied authorities under Hoover's direction.

Should the blockade be lifted, it is pointed out, the entire food distribution system of the world would be disrupted, as the Germans would be enabled to go into the open market and bid against the Allied and neutral countries.

Aside from military consideration, continuance of the blockade is therefore deemed advisable as a guarantee that Germany will take her place in the food line with the rest of the world.

### BAY HOTEL MAN IS ALLEGED MURDERER

SAN FRANCISCO, Nov. 19.—Martin King, proprietor of the Vienna hotel, was under arrest here today on a charge of murdering John Dennison of Chico, who was found dead in a hallway of the hotel yesterday morning.

The police say King shot Dennison following a quarrel over the payment of room rent.

PARIS, Nov. 19.—France proposes to invite the rulers to witness a peace parade through the arch of triumph here, following signing of the treaty, was the belief expressed today.

### MARCH TO RHINE IS PROCEEDING STEADILY AS HUNS RETIRE

Triumphal Arches for Yanks; French Reach Rhine Region on 30-Mile Front

PARIS, Nov. 19.—With General Petain leading and Generals Castelnau and Mangin following, the French will enter Metz today. The city has been gaily decorated in preparation for the event.

Next Sunday or Monday, Marshal Foch and Generals Petain, Castelnau and Gouraud will enter Strassburg.

PARIS, Nov. 19. (2:10 a. m.)—French troops have reached the neighborhood of the Rhine on a front of about thirty miles from the Swiss frontier northward, it was officially announced today.

BY WEBB MILLER  
(United Press Staff Correspondent)

WITH THE AMERICANS ADVANCING TOWARD THE RHINE, Nov. 18. (10:30 p. m.)—The American Third army advancing with machine-like precision, had completed the second lap of its march toward the Rhine tonight. It halted on a general line fifteen kilometers (more than nine miles) ahead of the positions occupied last night.

So far as can be observed, the Germans are carrying out the terms of the armistice in good faith. Today they surrendered millions of dollars' worth of materials, guns and ammunition. At several places, they turned huge ammunition dumps over intact. At Boulogne, several hundred carloads of lumber, cement and steel rails and twenty-two guns fell into the hands of the Americans.

I rode more than 60 miles parallel to the line of the advance. I found a network of light railways, all in good working order and with bridges intact. At Longwy, hundreds of cars, scores of locomotives, 3500 machine guns, thousands of rifles and various other materials were surrendered. At many other points there were similar scenes.

Most of the towns are undamaged, or only slightly so. The German withdrawal continues far ahead of the Americans, only a few enemy officers remaining to surrender munitions, guns and supplies. These then retired under a white flag.

The advancing Americans entered scores of inhabited towns, all of which were beflagged with hastily-constructed decorations and home-made American flags.

Several communities erected triumphal arches, under which the Americans marched.

When the columns passed through Conflans and Briey, the streets were lined with school children, who sang the American and French national songs. The mayors formally greeted the officers.

The advance averaged about fifteen kilometers, some of the units reaching their objectives at noon and going into camp on the lines assigned to them.

The Americans found the Briey mines apparently undamaged. Several were actually in operation as they marched by. Others suspended when the Germans evacuated. Townspeople said the Germans had removed none of the machinery since the armistice became effective.

The Franco-Belgian frontier was crossed east of Montmedy and the Belgian towns of St. Leger, Etalle and Virton occupied.

The Americans also reached the junction of the French, Belgian and Luxembourg frontiers, northeast of Longwy, another great iron center. The important rail towns of Conflans and Longwy are now in our hands. Scores of new towns were added to the hundred already passed.

New divisions have marched in to support those in the front line. Those include the Fifth, Twenty-sixth, eighty-ninth and Ninetieth divisions.

Opposite the Texas and Oklahoma troops the Germans sent over 300 Italians who had been prisoners for three years. They declared they had been forced to work on roads and trenches behind the front lines. One of them, James Vignelles, of Chicago, said the Germans lost no time in getting out of that particular region after the armistice was signed, save a small group that acted as a rear guard.

Twenty-eight Americans captured in the last hours of fighting were sent back into the ranks of the Michigan and Wisconsin troops. German non-commissioned officers who accompanied them to the line explained they did not want to be bothered with

CITY TRUSTEES  
FLOWER STREET  
COMPLETED MAY  
NOT BE OPENED  
FOR WEEKS

Council to Investigate Extra  
Costs Before Approving  
Bills, Accepting Structure

The Flower street bridge across Santiago creek is completed and has been accepted by Consulting Engineer Flaherty, but the city council has not accepted it and may not do so for two or three weeks, in the meantime holding up traffic on that thoroughfare.

The council is "all het up" because the cost of the structure has exceeded the estimated cost of about \$12,000 by some \$4000 or \$5000. Authority of Flaherty to order the extra work without first consulting the council is questioned and the matter again was referred to a committee, this time to the council as a committee of the whole, with Engineers Finley, Flaherty and Bonebrake as additional members.

Notice in written form from Engineer Flaherty advised the board that the structure had been completed with the exception of work necessary to the approaches, which, in his opinion, the city could do itself more cheaply than by contract. The report showed the cost at \$16,862.65, with the completion work necessary to be added to the total.

Mayor Visel suggested that the matter be referred back to the committee appointed at the last meeting to make an investigation. The committee had failed to make the investigation because of various reasons.

Chas. E. Bressler, of the contracting firm of Wells & Bressler, builders of the bridge, protested against further delay in acceptance, stating that the city was holding back about \$5000 he was owing to the firm and that interest on that was costing the firm \$1 a day. He said the work had been done and the material used and that the structure was one that he was proud of.

Visel replied by saying that the city

wouldn't run away and that he proposed to see that a full and thorough investigation is made before accepting the bridge and approving the extra bills if it took two or three months.

Maryatt said that the board was advised at the time of the bidding that the bridge could be built for the estimated cost.

"We were assured that the bridge would not cost us more than \$1000 over the estimated cost of about \$11,000," said McPhee. "I want to know just why the structure has cost so much more than the estimate. I don't propose to be sidetracked. They've got to show me that the money is in the structure."

"Bressler—"The details are there and the extra work has been done at the rate of prices stipulated in the contract."

Flaherty—"Estimates of the work were turned into the council each month, and that should have been notice to you as to the progress of the bridge and the extra cost being entailed."

Visel—"You knew, Flaherty, that we voted only \$7700 bonds for this work. I blame you for the situation and deny that you had any right to contract the extra expense without consulting with the city council."

Flaherty—"What should I have done?"

Visel—"You should have let us know; you should have told us that the extra work was necessary."

Flaherty—"The estimates were made some time ago, and since then labor and building material have advanced a great deal."

McPhee's motion referring it to a committee of the whole ended the discussion. Employment of an outside attorney to pass on the contract with Flaherty to determine his authority to order the extra work was embodied in McPhee's motion.

The extra cost has been contracted by reason of the fact, according to the engineer and contractors, that it was necessary to make the concrete support bases deeper than was estimated in order to have them on permanent footings. The error seems to have been in not making test holes to determine the depth it would be necessary to make excavations for the pillars of the structure.

Asked Road Acceptance

A petition from residents on the northwest edge of the city, north of the Santiago creek and west of Flower street, asked that the city accept leads to property that had been given for widening the street running west along the city limits line. A half road has been maintained there for many years, being a county road. The residents want to increase the width and he deeds have been secured. The distance is about three-fourths of a mile.

N. H. Leonard, who owns property at that vicinity, appeared as the representative of the petitioners, and stated that the road in its present condition is impassable most of the time during the winter. He asked that the road accept that part of the road within the city and grade it in conjunction with the county. The road is over the ground on either side, with the result that when it rains, school children and others cannot conveniently get out to Flower street.

McPhee showed where the road funds in the red now and by the end of the year would be in the red by about \$8000. He did not think the council could at this time consistently contract work that would draw more on his fund and moved that the petition be referred to a committee. McPhee and Greenleaf were appointed.

Discussion of this petition brought up the street condition on Myrtle street and McPhee made a more or less exhaustive report on the situation with reference to the opening of Myrtle from Flower to Bristol. The committee on this matter was continued.

To Avoid and Relieve Influenza  
BY DR. FRANKLIN DUANE.

Many people have been frightened by what they have read or heard of influenza. The more you fear the disease, the surer you are to get it. Go right about your business and forget it. As the disease is spread principally by contact thru sneezing, coughing or spitting, many health authorities have advised that everyone wear a gauze, which is daily washed and saturated with a one to five hundred solution of zinc sulphate in water, and then dried before wearing over the nose and mouth. You should avoid crowds, common drinking cups and public towels. Keep your strength up by taking lots of exercise in the open air and plenty of nourishing food.

If you have any of such symptoms as chilliness, nasal obstructions, flushed face, headache, feverishness, restlessness, weakness or irritating cough, give up work at once and go to bed. This will save your strength to help overcome the disease. Put your feet in hot water for fifteen minutes. Thoroughly loosen the bowels with some mild and non-irritating physic as Dr. Pierce's Pleasant Pellets. Drink principally of hot lemonade and then cover up with plenty of clothes in bed so as to get a good sweat. When sweating is free and the fever subsided take a dose of two Anuric Tablets every four hours, followed by drinking at least a glass or two of hot water. Anuric Tablets help quickly to relieve the muscular aches and pains, the bones from which most patients complain and help the kidneys flush out the poisons.

To relieve nasal obstructions and excessive discharge from the nose, probably nothing is better than such a mild, soothing, antiseptic wash as Dr. Sage's Catarrh Remedy. It will give great relief. Employed as a gargle, in same strength as made up for use in the nose, and as hot as can be borne, it quickly arrests soreness and dries up the throat.

Influenza weakens the patient's resistance to disease, so that there is danger of bronchitis and pneumonia developing. To combat this tendency and force the patient's strength insist that he keep in bed at least two days. Probably nothing will at this stage hasten the recovery and strengthen the patient more than an iron tonic tablet called "Vino." or that well known herbal tonic, Dr. Pierce's Golden Medical Discovery, which has been used by thousands in the past two generations.

Council Notes

The city clerk was authorized to purchase a new Burroughs adding machine to cost \$300, less \$35 allowed for a dilapidated machine now in the office.

A balance of \$26.53 left in the municipal market fund was ordered transferred to the general fund.

A protest from A. M. Starkey against a bill rendered him by a local electrical contractor for installation of a motor at his place of business at 207 French street was filed, the council deciding that it had no jurisdiction in the matter. The cost of installation was \$97.23 and Starkey considered this exorbitant. The completed work was inspected by the city electrician.

A petition for re-opening the Spanish restaurant at 310 North Sycamore was denied. City Marshal Jernigan said that the place had always been a source of trouble and was not conducted as it should be.

Application from M. W. Sweetzer for appointment to the city police force when a vacancy occurs was filed.

The appointment of Frank Stewart as city motorcop was ratified.

A surety bond in the National Surety Company for \$500 was filed by the International Electric Company and was referred to the mayor for approval. This firm has taken over the business of the Palmer Motor Shop.

The resignation of D. W. Wilson as special officer and janitor at the city hall was accepted and the appointment of Frank Heard ratified.

The resignation of C. C. Bonebrake as city engineer was accepted, to take effect December 1.

A check from the P. E. for \$269.38 due as a franchise tax on a part of its right of way in this city was accepted.

The petition of Mrs. A. J. Lawton and S. W. Sutton for the closing of Eleventh street was referred to a com-

mittee of the whole and the city attorney.

Chris McNeill, contractor on the Main street bridge, was granted a continuance of fifteen days for completion of the structure.

Matter of the request of the Highway Transportation Company for a permit to operate in this city was referred to a committee to report December 2. The company proposes a motor freight service between Santa Ana and Los Angeles.

**NEW REGULATIONS ON LIGHTING ARE ISSUED**

New regulations partially removing present restrictions on the use of light became effective yesterday and superseding all previous orders on the subject were issued by Albert E. Schwabacher, Federal fuel administrator for California. The new order prohibits the wasteful or extravagant use of light in streets, parks or other public places in any city, village or town.

The order permits the use of light every night in the week for illuminating advertisements, announcements or signs, for the external ornamentation of any building and for displaying shop windows or for other commercial or advertising uses.

This order also permits the use of light in show windows between sunrise and sunset.

Schwabacher advises that the partial raising of lighting restrictions in California is due to the improvement in the supply of water power in the mountains and a lessened demand by war industries for supplies of fuel.

**PAYMENTS ON LIBERTY BONDS DUE ON NOV. 21**

The second payment on Fourth Liberty Loan bonds is due on Thursday, and those who purchased under the Government plan of partial payments should make it a point to take up their obligation at the bank through which they made their purchase.

The First National Bank has received bonds in denominations of \$50, \$1000, and \$5000.

The California National Bank has received them of all denominations where they were paid in full.

The F. and M. Bank has received none of the last issue.

The Orange County Trust and Savings Bank has received \$50, \$1000 and \$5000 denominations.

Parties who have paid in full for such bonds may get them at the banks at any time.

**AVOCADO MEN TO HAVE MEETING IN LOS ANGELES**

Dinner Friday Evening, Semi-Annual Meeting on Saturday, This Week

The California Avocado Association will hold a dinner and meeting in Los Angeles Friday and Saturday of this week. The dinner will be Friday evening at 6:30 at Christopher's, to which members are at liberty to invite friends. A program will follow the dinner.

The semi-annual meeting will be held Saturday in the auditorium at the Liberty Fair. The business session will start at 9:30 and will continue to 11 o'clock. The afternoon session will be from 2 to 3:30. Visitors are invited to both the dinner and meeting. The association will have an exhibit at the fair.

While the official program has not

been completed, the following are some of the papers that have been arranged for:

Address, William H. Salmon, San Diego.

Early Introduction of the Avocado into California, Juan Murrieta.

The Commercial Possibilities of Avocado Growing in Southern California, J. Eliot Coit, County Farm Advisor.

The Avocados of Mexico; A Preliminary Report, Wilson Popenco, Agricultural Explorer for the College of Agriculture, U. of C.

Some Scientific Problems Confronting the Avocado Grower, E. M. Chace, U. S. Department of Agriculture.

Hillside Planting of Avocado, J. M. Elliott, Los Angeles.

Six Years' Experience With Budded Avocados, J. T. Whedon, Yorba Linda.

**HOW A SALESMAN SUFFERED**

—R. J. Porter, Sterling, Col., writes: "For six months I suffered with a painful weak back. As a traveling salesman I had to stoop frequently to pick up my grips, which I grew to dread as the pain when I straightened up was awful. Numerous remedies failed to reach my case. I was induced to try Foley Kidney Pills. Relief was immediate. Say, they are great! Any one afflicted as I was should try a bottle or two of Foley Kidney Pills." **EXPERT TO LECTURE ON QUEEN BREEDING**

The Farm Bureau co-operating with the Beekeepers' Club and Orange County Honey Producers' Association has secured J. Smith, bee expert of the United States Department of Agriculture, to give a lecture and demonstration on Queen Breeding and Bee Disease. Smith will be in Orange county on November 21, 22 and 23. An all-day meeting will be held at the Tusin Hills orange packing house, and the demonstration at H. P. Christensen's apiary, near by, on Friday, November 22, beginning at 10:30 o'clock in the morning.

All beekeepers and those interested in the work are invited to be present. A large attendance is desired to make future demonstrations of this character possible. Bring your families, lunch (cup and sugar). Coffee will be served by the Bee Club. Come prepared for an interesting all-day program.

The farm advisor will bring Smith to your apiary if you have a particular problem on which advice is desired. November 21 and 23 are open for personal visits.

**SUB-BASE PLAYS POLY HERE ON SATURDAY**

Second Team Coming Over; 48th Field Artillery Boys Here on Thanksgiving

Two football games which should prove unusually interesting have just been scheduled for the Poly squad by Coach Warren. The first will be played on Poly field next Saturday afternoon at 2:45 with the second team from the submarine base at San Pedro. This team is a good one and the local boys have little hopes of winning, but they want the experience and training which a practice game with the Sub-base boys will give them. Gene Trago, former Santa Ana star, is playing halfback on the Sub-base eleven.

The second game will be played here on Thanksgiving, when the Santa Ana boys will meet the 48th Field Artillery team from Camp Kearny. Warren has high hopes of winning this contest, and it is expected to be a hard-fought affair. Probably a good many soldiers from Kearny will come to Santa Ana to cheer their team on.

# SHOOTS WIFE'S MOTHER, TURNS WEAPON UPON HIMSELF

Mrs. C. H. Frazier, Orange, May Die, Attacked By Son-in-law, Intoxicated

Mrs. C. H. Frazier was shot, perhaps fatally, by her son-in-law, Marshall A. Pierce, last night. Pierce turned the weapon upon himself, and fired. The bullet entered at the edge of the right temple and came out over the right eye, after penetrating the edge of the brain. While both Mrs. Frazier and Pierce are critically injured, the chances are that both will recover.

The shooting occurred at the home of Mrs. Frazier, northeast of Orange, and in the presence of Mrs. Lillian Pierce, daughter of Mrs. Frazier and wife of Pierce. Pierce and his wife had been separated for a number of weeks on an agreement of separation, but last night Pierce while intoxicated returned and attempted to kill Mrs. Frazier.

The Frazier family was one of the pioneer families of the Orange-Villa Park section. One of the daughters, Miss Alice Frazier, a teacher in the Santa Ana schools, died suddenly of heart trouble several years ago, and the father, C. H. Frazier, has also been dead a number of years.

Victim of Drink

Pierce was a victim of drink, and it has been the cause of his troubles. His use of intoxicants grew to such an extent that life with him became unendurable. Several weeks ago he entered into an agreement of separation, under which he departed with an automobile and some money and promised not to return to disturb his wife and her mother. Their 6-month-old baby was in the mother's possession.

About two weeks ago at 2 o'clock in the morning the man went to the Frazier home and tried to get into the house. Officers at Orange were called, and had almost reached the place when they met Pierce driving the automobile. He was arrested and was fined \$50 at Orange for driving an automobile while intoxicated.

Since that time he has disposed of the machine. Last night he hired a stage at Anaheim and drove in it to a point on Collins avenue half a mile north of the Frazier ranch, which is on East Walnut avenue near the Santiago creek. He left the driver there to await his return.

Enters the Home

About 9:30 o'clock last night, Mrs. Pierce heard a knock at the front door, and she opened it. It was Pierce, intoxicated. He forced his way by his wife and into the house. Mrs. Frazier started into a room in which the telephone was located. Probably Pierce concluded that Mrs. Frazier was going to telephone for officers.

He drew a 38-caliber revolver and quickly fired three shots at Mrs. Frazier. Two took effect. One struck her arm and the other entered the abdomen near the stomach. Later, a physician found that the bullet had not severed the intestines.

Instantly, Pierce placed the end of the revolver at his right temple and pulled the trigger. The bullet entered near the side of the forehead, penetrated the skull and came out over the eye. Pierce fell over unconscious, and remained in that condition for two hours.

City Marshal Warner of Orange and Constable Logan Jackson were called, and later Sheriff Jackson and Under Sheriff Iman were also called. Mrs.

Frazier was taken by an Orange physician to the Anaheim Sanitarium, where it was said today that her chances for recovery are good, though her age, 65, militates against her chances. Pierce was taken to the county hospital. The report today is that his injury is serious, but the chances for recovery are fair.

The sheriff's office learned today that Pierce bought the revolver and a box of cartridges at Anaheim yesterday, and at that time remarked: "You needn't be surprised if you hear of a woman killing me or me killing a woman."

The rain, storm of the past forty-eight hours has dropped considerable moisture throughout Southern California. It will do worlds of good. It is still threatening and more rain is anticipated before the weather clears.

The northern part of the county seems to have fared better than the south half. In the mountains the fall has been heavier and it is believed to be sufficient to start grass to growing on the ranges.

Feed is getting scarce on the mountain ranges.

# WILSON TO TELL HIS PLANS FOR NEXT 2 YEARS TO CONGRESS

Outline of His Program Indicated; Soon Time to Build Newport Harbor

WASHINGTON, Nov. 19.—When President Wilson delivers his annual message to congress early next month he will sound the keynote of his leadership for the remaining two years of his term.

The outstanding theme of the president's address will be development of America's resources—land, water, power and minerals—and provision for distribution of these resources such as will insure fair share to rich and poor alike.

By one usually well-advised, it was indicated that he would advocate the following in his message as measures to insure employment for the millions returning from war zones, camps and war industries.

Continue unification of railroads and canal systems to insure facilities for all alike.

Protection of the American merchant marine—either by subsidy or government ownership.

Increased facilities for vocational education.

Unification of telephone and telegraph lines under government control.

Government development of water-power and mineral lands. Increased building of good roads, reforestation and reclamation of land under government direction.

Improvement of harbors, rivers and ports.

Improvement in housing conditions for workmen.

A new child labor law.

And the president is expected to indicate plainly his sympathy for a general eight-hour working day and non-reduction of wages while living costs continue at a high level.

## CHARGE GERMAN USED FALSE U. S. PASSPORTS

SAN FRANCISCO, Cal., Nov. 19.—Charged with entering the United States with false passports, Beach-dolt Alhard Von Dem Busche Meunich, former ensign in the German navy and a cousin of Count Bernstorff, has been brought to San Francisco from Atlanta and is today awaiting trial. Meunich escaped from Russia, where he was interned. Edward Zacho, jointly charged with Meunich, is alleged to have helped the latter obtain false passports.

## THIN PEOPLE NEED BITRO-PHOSPHATE

How It Increases Weight, Strength and Nerve Force in Two Weeks' Time in Many Instances  
"Take plain bitro-phosphate" is the advice of physicians to thin, delicate, nervous people who lack vim, energy and nerve force, and there seems to be ample proof of the efficacy of this preparation to warrant the recommendation. Moreover, if we judge from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft, curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are usually due to starved nerves. Our bodies need more

phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate quickly produces a welcome transformation in the appearance; the increase in weight frequently being astonishing.

This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, soon disappear, dull eyes become bright and pale cheeks glow with the bloom of perfect health.

CAUTION.—Although Bitro-Phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, owing to its remarkable flesh growing properties it should not be used by anyone who does not desire to put on flesh.

Miss Josephine Davis, reporting her own experience with BITRO PHOSPHATE, says: "It is remarkable what it did for me. After a few days I began to regain my strength, felt full of life, was able to sleep soundly and all my little troubles seemed to disappear. I gained twelve pounds in four weeks."

illness, following a paralytic stroke suffered last April. He was 80 years old.

Ever since he suffered the stroke of paralysis the Mormon leader has been confined to his home, except on one occasion when he addressed a church conference.

Joseph F. Smith was a nephew of Joseph Smith, the original Mormon prophet. He crossed the plains in an ox team and settled in the valley of the Salt Lake in 1848.

Smith became president of the Church of Jesus Christ of Latter Day Saints in 1901, following the death of Lorenzo Snow. Prior to that he had held many important posts in the church organization, including that of missionary to Great Britain.

## ARTILLERYMEN ARE NOT TO ENTRAIN, IS LOCAL BOARD WORD

Deserters Are to Be Gone After Just As Strong As During War

At local draft board headquarters there is a decided opinion that the men who enlisted in the heavy artillery just a few days before peace was declared will never be entrained. The opinion is based upon an order from the Government to the effect that all entrainments of every kind are called off excepting entrainments based upon competent orders for enlistment in the Marine Corps and in the navy.

The men who signed up for the artillery regiment have been wondering where they stood. Cards were received from Washington showing that they had been enlisted. However, competent orders have not been received, and the local board has ordered to entrain none but men for the marines and the navy.

The local board has received instructions to proceed against deserters just as before peace was declared. Deserters include men who failed to answer any of the orders of the local board whether for registration, filing of questionnaires or for reporting for entrainment.

"Hell hath no furies such as peace for the man who failed in war," is the quotation that comes from Adjutant General Borree.

## LABOR STARTS MOVE TO SAVE MOONEY FROM GALLOWS

SAN FRANCISCO, Nov. 19.—Labor organizations here started today their final effort to save the life of Thomas J. Mooney.

The Oakland Central Labor Council called a meeting for early in December to consider plans for a general strike as a protest against Mooney's execution. Similar action was anticipated immediately from the San Francisco labor council and other organizations on the coast.

Mrs. Mooney today declared her belief that labor organizations will save her husband's life.

"I can't believe they're really going to hang Tom for something he didn't do," she said. "I still have faith in labor. I don't believe the working men of this country will allow it. Labor is his court of last resort, and I feel that somehow, some way, the organized workers will bring pressure to bear on Governor Stephens to answer President Wilson's appeal for his life. I can't give up hope yet."

Mooney is sentenced to be hanged December 13.

## ONE CASE OF FLU IN TWENTY-FOUR HOURS

Only one case of influenza developed in the city during the twenty-four hours ending at noon today. Five cases were reported. There was one death in the city, Maxine Maness, a 3-year-old girl, one on the San Joaquin ranch and one at Capistrano.

At the county hospital the situation is very much improved, and there are not nearly so many cases as have been more or less regular there.

## CAPTAIN OF AIR SQUAD BELIEVES LUKE ALIVE

E. A. Spaulding of Harper is deeply interested in the fate of Frank Luke Jr., the Phoenix aviator who has been missing since September 29. Spaulding formerly lived at Phoenix and knew young Luke well. He points out Luke's record as another instance of wonderful work done in fighting the Huns by young men of German parentage.

The Arizona Republican on November 15 printed a letter written to Luke's father by Alfred A. Grant, captain of the 27th Aero Squadron, to which Luke belonged. Captain Grant feels certain that Luke was taken prisoner and will yet be heard from.

"Do not worry over his treatment," wrote the captain, for Luke is undoubtedly the best known American aviator. The Germans know his record as well as we do. His career was meteoric, for he was easily the most wonderful pilot we have seen."

Captain Grant tells of an occasion in which Luke set a record. He destroyed three observation balloons and brought down two enemy planes within forty minutes. Captain Grant says the reason he is satisfied that Luke was not killed but merely taken to land and be taken prisoner is that it was late in the evening, and no German planes were in sight.

## AFTER WAR, CONSTRUCTION

Through all the difficult period of the war, the American people have shown themselves able voluntarily to shoulder burdens and carry them to the end which in other countries could with difficulty have been carried by government orders.

We saved food for our soldiers, for our allies, for the homeless and stricken peoples in Europe. Not only did we save food in our own kitchens, but we raised it in our own home gardens, we did the hard work of shipping and distributing it where it was needed.

Through our representatives, we voted for the draft, for the fair and equitable taking of our boys, for the fighting.

We raised untold amounts of money in bonds and stamps, in taxes.

These and many other things have been done right joyfully, for the winning of the war, for the promulgation of our principles throughout the world.

With the ending of the war, none of these needs are over or will be for many years. We must now feed not only our allies, but our former enemies. Our boys must be kept abroad for police duty, for showing the nations how to reconstruct their shattered buildings and their shattered lives.

If peace were followed by any riotous indulgence in eating, in drinking, in buying, in wasting, it would be the greatest disgrace in the world. There is more need than ever for conservation of every possible resource, for production of every possible product.

And it is not only broken buildings, broken individual lives that are here to be rebuilt, not only in the war-torn countries.

A new world waits construction at our hands. Nothing is the same, will ever be the same, as before the war.

With difficulty did we make the adjustments of our lives necessary for the waging of the conflict. Now we are confronted with the necessity for making adjustments even more sweeping and far more lasting. The longing of the poet for "shattering this sorry scheme of things entire" has been almost gratified. The opportunity for "remolding it nearer to the heart's desire" is at hand.

The ideal of liberty for all peoples is about to be realized. The greater one of making practical the spirit of universal brotherhood comes next in order.

The making of the new world awaits us. Not hastily shall we begin to labor upon its rearing, but soberly, with vision, with determination, with patience and with faith.

**PASSING THE BUCK**

The principal occupation in all the enemy countries just now is what in good American phraseology is termed "passing the buck." Every last one of them is trying to hedge on its war obligations.

"We have reformed," they all cry. "See how we have changed our governments and institutions. It was our wicked kings that made war on you and killed your people and ravaged your countries. We have kicked them out. You have nothing against us. We are your brethren now—as indeed we have always been in spirit."

So they beg to be let off easy in the peace terms. So they hope to escape paying for the crimes committed and the damage done.

They may, indeed, escape the severest penalties for the evil deeds committed by them and in their name. They may avoid death on the battlefield or execution at the bar of justice. They may escape the devastation of their own countries. But they may as well make up their minds that they cannot escape restoring all that their armies have stolen, and paying to the last dollar for all the damage they have done to life and property.

**HOW THEY CAN PAY**

A Cornell professor has an ingenious suggestion for enabling the German people to meet their war obligations. He assumes as a matter of course that they must pay for all the damage they have done in other countries. But how?

Germany's own war debt amounts to probably half of her national wealth. That fact would seem to preclude the payment of the desired billions to Belgium, France and other wronged nations. But as the professor points out, the debt is almost entirely owed by

Germans to Germans. It is a matter of domestic bookkeeping. It does not effect the actual, material wealth of the country.

This debt, which the peace terms will impose, might be taken care of, the professor thinks, by the following plan: The big fortunes and the landed estates of Germany could be seized by the new government. The money and securities so obtained could be used directly to help pay the indemnities.

The estates could be broken up and sold to the people on long-term payments, after the manner of the Irish land distribution, except that in this case the money would go mostly not to the former owners, but to the allied countries.

The idea is submitted by the professor for what it is worth. It seems drastic, but there is at least a measure of poetic justice in it, inasmuch as the big capitalists and junker land-owners were primarily responsible for the war which made Germany liable to these indemnities.

**CARRY THE CROSS**

The Red Cross society urges all its members to continue working as hard as ever.

There are still many sick and wounded soldiers, and the need for work among the pitiful refugees of Europe is unlimited, while our boys remaining abroad for garrison duty will need looking after more than ever.

Any plea or suggestion from this society deserves immediate response, for its work of mercy is boundless. It would be a terrible pity if now, after all that has been accomplished, its efficiency should be weakened by lack of enthusiasm while there is still so much to be done.

**No Punishment For Inefficiency**

(San Bernardino Sun)

For some reason, the Washington dispatches, commenting upon Charles E. Hughes' aircraft production inquiry, omitted the "hottest" line in Mr. Hughes' report. It is voluminous, and perhaps the correspondents were too busy with peace rumors and election data—the report was filed under date of October 31—to carefully peruse it. We have not read it all, but turning to the last page, we started in on Mr. Hughes' "general conclusions and recommendations," and we bumped into this:

The defective organization of the work of aircraft production and the serious lack of competent direction of that work by the responsible officers of the signal corps, to which the delays and waste were chiefly due, were matters for administrative corrections through unification of effort under competent control. THE PROVISIONS OF THE CRIMINAL STATUTES DO NOT REACH INEFFICIENCY.

All of which summarizes as complete an indictment of the manner in which something like \$600,000,000 were squandered until a real captain of industry was called to fill the void, and take charge of aircraft production, as could be put into words.

And then get that final comment of Mr. Hughes: "The provisions of the criminal statutes do not reach inefficiency!" Wow!

**What Shall We Do With These?**

(Stockton Record)

The law recently passed by congress providing that those of foreign birth who claimed exemption under the draft by reason of that fact should be forever barred from American citizenship meets with the approval of all Americans. These claimants are slackers under their own native flags, and have no loyalty for the flag of the country that is giving them more freedom, equality and prosperity than they ever knew at home. They deserve no tender consideration here. The land of their birth is probably ashamed of them. America regrets their presence here, but has been too magnanimous heretofore to take action against them.

While congress was considering the question it might have been well to go a step further by enacting a provision that would reach the Huns here whose disloyalty made it imperative for this government to intern them. These traitors to America and willing tools of the now fugitive kaiser ought to be sent back to their dear fatherland to help pay off the debt their countrymen will be burdened with for generations to come.

**GROANS AND GRINS**

"I see," said Kaiser Bill as he read the noon editions, "that enemy soldiers are planning to invade the Fatherland. But when they arrive Father won't be here." Whereupon he resumed packing his grip.

**NOTICE OF SALE OF PROPERTY DELINQUENT FOR NON-PAYMENT OF BOND ISSUED FOR THE IMPROVEMENT OF WEST 5TH STREET.**

Default having been made in the payment of the first installment of the interest of that certain street improvement bond, heretofore described, and which became due on the 2nd day of July, 1915, and likewise the six semi-annual installments of interest upon said bond subsequent thereto, and the said bond is now due and unpaid, and furthermore, the first installment of the principal of said bond, due and payable on the 2nd day of January, 1916, and the two subsequent annual installments of principal upon same bond on January 2nd, 1917, and January 2nd, 1918, respectively, have become due and are unpaid; and wherefore under the provisions of said bond it is therein provided, that should default be made in the annual payment upon the principal or in any payment of interest from the owner of said lot or parcel of land, or anyone in his behalf, the holder of said bond is entitled to declare the whole unpaid amount, due and payable, and to have said lot or parcel of land advertised and sold forthwith as provided by law.

And the holder of said bond, having on the 8th day of October, 1918, duly notified the City Treasurer of the said City of Santa Ana, California, that under the provisions of said bond as above recited it had elected to declare, and did then and there declare, the whole of said bond, and the holder of said bond is now entitled to declare the whole unpaid amount, due and payable, and to have said lot or parcel of land advertised and sold forthwith as provided by law.

Now therefore notice is hereby given that I, Olive Lopez, City Treasurer of the City of Santa Ana, California, under and by virtue of the authority vested in me by law will on the 30th day of November, 1918, at the hour of 10 o'clock A. M., of said day sell at public auction the real property hereinafter described and mentioned in said bond at the office of the City Treasurer in the Farmers and Merchants National Bank in said City of Santa Ana, California, and unless the amount due on said bond and the interest due thereon together with the cost of publication of this notice are paid according to law; And that I will so sell the same to the person who will pay the amount of unpaid principal and interest due on said bond, and accruing interest, together with the cost of publication of this notice, that the said sale will be made in accordance with and under the provisions of an Act of the Legislature of the State of California, entitled: "An Act to provide a system of Street Improvement Bonds to represent certain Assessments for the Cost of Street Work and Improvement within Municipalities and also for the Payment of such Bonds." Approved February 27th, 1893, and amendments thereto.

That the said bond referred to in this notice is described as follows:

Street Improvement Bond No. 5, Series No. 1, Assessment No. 16, in the City of Santa Ana, California, for the sum of One Hundred and Twenty-eight and 35-100 Dollars (\$128.35), bearing interest at the rate of seven per cent per annum, issued for the improvement of West 5th Street (and intersections) in the City of Santa Ana, California, from the East line of Garney Street to the West line of Baker Street; Said bond is dated the 7th day of January, 1915, and is issued to represent the assessment upon the hereinafter described property mentioned in said bond for the Street Improvement above mentioned.

That the property mentioned in said bond, and to represent the assessment against which said Street Improvement bond was issued is that certain parcel of land situated in the City of Santa Ana, County of Orange, State of California, more particularly described as follows, to-wit: Lot Two (2), Block "A," Shelton and Duell's Addition to Santa Ana, as shown on a map recorded in Book 13, Page 15, of Miscellaneous Records of Los Angeles County, California.

That the amount due on said bond is as follows:

Due on principal thereof One Hundred and Twenty-eight and 35-100 Dollars (\$128.35).

Due on account of interest accrued on said bond: Twenty-seven and 32-100 Dollars (\$27.32).

Total amount due on said bond: One Hundred and Fifty-five and 67-100 Dollars (\$155.67).

That the name of the owner of said property mentioned in said bond is unknown.

This notice shall be published for two weeks in the Santa Ana Daily Evening Register, a newspaper of general circulation published in said City of Santa Ana, California, which said newspaper is hereby designated by me as a newspaper in which this notice shall be published.

Dated at Santa Ana, California, this 12th day of November, 1918.

OLIVE LOPEZ, City Treasurer of the City of Santa Ana, California.

Issued by the Treasurer of the City of Santa Ana, California, subject to all of the provisions of the Federal Soldiers and Sailors Relief Act.

Street Improvement Bond No. 7, Series No. 1, Assessment No. 18, in the City of Santa Ana, County of Orange, State of California, for the sum of One Hundred and Twenty-eight and 35-100 Dollars (\$128.35), bearing interest at the rate of seven per cent per annum, issued for the improvement of West 5th Street (and intersections) in the City of Santa Ana, California, from the East side of Garney Street to the West line of Baker Street; Said bond is dated the 7th day of January, 1915, and is issued to represent the assessment upon the hereinafter described property mentioned in said bond for the Street Improvement above mentioned.

That the property mentioned in said bond, and to represent the assessment against which said Street Improvement bond was issued is that certain parcel of land situated in the City of Santa Ana, County of Orange, State of California, more particularly described as follows, to-wit: Lot Four (4), Block "A," Shelton and Duell's Addition to Santa Ana, as shown on a map recorded in Book 19, Page 15, of Miscellaneous Records of Los Angeles County, California.

That the amount due on said bond is as follows:

Due on principal thereof One Hundred and Twenty-eight and 35-100 Dollars (\$128.35).

Due on account of interest accrued on said bond: Twenty-seven and 32-100 Dollars (\$27.32).

Total amount due on said bond: One Hundred and Fifty-five and 67-100 Dollars (\$155.67).

That the name of the owner of said property mentioned in said bond is unknown.

This notice shall be published for two weeks in the Santa Ana Daily Evening Register, a newspaper of general circulation published in said City of Santa Ana, California, which said newspaper is hereby designated by me as a newspaper in which this notice shall be published.

## Keep Your Home Warm

A cozy, warm home is the best protection against colds, grippe and other winter ills. We have the most efficient heating appliances made to meet any heating conditions. See us before making any heating arrangements.

### Pacific Gas Furnace

This furnace is designed for heating houses of 10 rooms or less. Where a complete heating system is desired this furnace ideally meets every requirement. Operates at cost of 7c to 9c per hour.

### Rex Floor Furnace

This furnace is lighted and controlled from the floor by pilot light. Absolutely safe, as gas can escape only through vent. Very convenient and extremely economical, as one of these, properly placed, will heat two or more rooms.

### Radiant Fire Heaters

The most perfect in gas combustion of any heater made—and gives most heat for gas consumed. Operate at cost of 1 1/2c per hour. Absolutely sanitary and odorless. These heaters set in fireplace or attach to pipe connection.

### Hot Spot Heaters

A very high quality and efficient portable heater. Costs 3/4c to 1 1/4c per hour to operate. A very handsome line in all sizes. Come in and let us show you the "hot spot."

## Air Tight Stoves

We have a large assortment of these for either wood or coal. Made in sheet iron, cast iron top and bottom. Some of these plain, others handsomely trimmed in nickel plate. Come in and see us. We can satisfactorily and economically solve any heating problem.

Victory Boys and Girls of  
High School Take \$2000  
Quota and Then Some

An assembly was held in the high school auditorium yesterday, mainly for the purpose of raising the \$500 lacking in the school's War Work drive.

A. F. Roadhouse, county Y. M. C. A. secretary, was the speaker who aroused the students. The Victory boys and girls went over the top. During the ten or fifteen minutes in which pledge cards were signed \$775 was raised.

Two freshmen pledged \$25 apiece, the largest pledges of any other students in the school.

Music by the orchestra and the singing of "The Star Spangled Banner" opened the meeting.

## OUR SOLDIER BOYS

The "Boys in Blue" were brave and true.  
And we honor them, every one;  
May their passing days be filled with joy.  
O'er the victories they have won.

But another army has come apace:  
These are clad in the khaki hue;  
Brave and strong, and as fearless men.  
As were those of the "Boys in Blue."

On the battlefield we find them massed,  
Ready and eager to fight the Hun;  
No cowards there, each one will stay  
Till this bloody war is won.

Brave men are they: No North, no South,  
But united for their country's call;  
We honor them, these brave young men,  
And praise them, one and all.

America's loved and best young men  
Have sailed the seas for "Over There";  
May victory crown their righteous cause,  
Is now our nation's prayer.

## PLEASANT TRAVEL MEET

First Section of Ebell Enjoys  
Gathering After Long In-  
terval Vacation

The First Travel section of the Ebell had a very pleasant meeting and reunion yesterday afternoon after a long interval of vacation on account of the influenza. There was a good attendance, the meeting being held at the hospitable home of Mrs. H. C. Dawes on Spurgeon street.

The rooms were bright with sprigs of bright-berried holly, reminding the members that the joyous season is here and which will be more than usually happy on account of the war being over.

Mrs. L. L. Shaw, the vice president, presided on account of the absence of Mrs. J. P. Baumgartner, the president. "The Other American," by Arthur Rule and treating on South America, was read and discussion held as to whether the study of that country would be taken up. The mat-

Girls! Make beauty lotion at home for few cents

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quart of the best bleaching and skin whitening lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how tan, redness, sallowness, sunburn and windburn disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless.—Adv.

HOW  
RHEUMATISM  
BEGINS

The excruciating agonies of rheumatism are usually the result of failure of the kidneys to expel poisons from the system. In a majority of cases rheumatism is an indication that uric acid has pervaded the system. If the irritation of these uric acid crystals is allowed to continue, incurable bladder or kidney disease may result. Attend to it at once. Don't resort to temporary relief. The sick kidneys must be restored to health by the use of some sterling remedy which will prevent a return of the disease.

Get some GOLD MEDAL Haarlem Oil Capsules immediately. They are a standard world-famous medicine in use for over two hundred years. They have brought back the joys of life to countless thousands of sufferers from rheumatism, lame back, lumbago, sciatica, gall stones, gravel and other affections of the kidneys, liver, stomach, bladder and allied organs. They will attack the poisons at once, clear out the kidneys and urinary tract and the soothing, healing oils and herbs will restore the inflamed tissues and organs to normal health.

GOLD MEDAL is the original Haarlem Oil imported direct from the home laboratories in Haarlem, Holland, by the Genuine Haarlem Oil Mfg. Co., Haarlem, Holland, American office, 116 Beekman St., N. Y.

All others are imitations. Ask for GOLD MEDAL and be sure the name GOLD MEDAL is on the box. Three sizes, at all good druggists.—Adv.

## NEWS IN BRIEF FORM

Dr. W. E. Burke of Los Angeles, grand junior warden of the Grand Lodge of Masons of California, has been appointed by the most worshipful grand master, Bradford Webster of San Francisco, to constitute Yorba Linda Masonic lodge on November 23. Twenty-eight past masters of the various Masonic lodges of Orange county will take part in the impressive ceremonies. It is expected that more than 150 past masters and officers will attend this occasion.

A letter from Mrs. C. Y. Martin, who is at Cleveland, O., with her son, Glenn L. Martin, the airplane manufacturer, states that she and her son have so far escaped the influenza, which has been raging there. In October there were 2000 deaths in Cleveland. Glenn Martin was called to Washington last week.

Word has reached here that Mr. and Mrs. Otto Lensing of San Diego are the parents of a baby boy. Mr. Lensing formerly lived at Anaheim and now conducts a drug store at San Diego. Mrs. Lensing was formerly Miss Katnel Hinds, resident of Orange and bookkeeper for the Evening Blade.

H. O. Henderson has been appointed secretary of the Orange County Automobile Club, succeeding Captain A. S. Relph, who just entered the U. S. army service. Henderson has resigned as city food administrator for Anaheim and J. Lloyd Moore has been appointed his successor.

Another dance has been arranged by the Seventeenth Separate Company, National Guard. It will be on Wednesday evening, November 27, at Armory hall, formerly Hebard's dancing academy at Third and Spurgeon

streets. The ticket selling drive now under way is in charge of Quartermaster Sergeant Henning.

High tides prevailed at Newport today and today and will repeat tomorrow. Yesterday's is understood to be the high tide of the year. No damage has been done, according to reports from the beach this afternoon. The breakers are not rolling as high as they did a few weeks ago, when water overflowed some of the streets and did some damage to sidewalks along the sandspit.

## CLEAN UP FOR S. A. COMMENCES ON THURSDAY

Local Organizations to Co-operate In Movement to Make City Clean

A clean Santa Ana! This is what will result from co-operative efforts of the chamber of commerce, city council, city health board and fire department in a campaign to be made against rubbish, starting on Thursday of this week. The campaign will run from November 21 to 25, both dates inclusive.

Santa Ana is gradually clearing of the influenza and the clean-up campaign is being arranged partly to insure a more sanitary condition and partly to put the city in order for a better presentation to tourists, who are now arriving in Southern California by the hundreds every day.

Secretary Metzgar appeared before the last meeting of the city board of health and asked its co-operation in the movement, and endorsement of the plan was given. Last night Metzgar presented the matter to the city council and a committee consisting of Trustees Tubbs and McPhee and Street Superintendent O'Brien was appointed to meet with other committees this morning at the chamber of commerce rooms and complete details for the work.

The committees met at 8:30, those in attendance being Trustees Tubbs and McPhee, Fire Chief John Luxembourger, Deputy Health Officer W. W. Chandler, Street Superintendent O'Brien and Secretary J. C. Metzgar of the chamber of commerce.

The chamber of commerce was authorized to appoint inspectors from each of the thirty precincts, with instructions to explain the necessity of the clean-up, and report in writing the names and addresses of any property owners or tenants refusing to co-operate. Inspection ribbon badges and 2000 notices were ordered printed.

After the clean-up campaign and inspection by the precinct inspectors, the entire city will be inspected by Deputy Health Officer Chandler.

Fire Chief Luxembourger is arranging a monthly inspection of the entire city and will co-operate with Chandler in the interest of a clean and sanitary

Santa Ana and elimination of fire hazards, which eventually will result in more favorable fire insurance rates. The state health laws are very strict and can enforce thorough cleanliness and sanitation at the expense of the property owners.

**Rules and Regulations**  
The following rules and regulations were adopted at the meeting this morning to govern the campaign, and they will be strictly enforced, the rubbish to be gathered by city teams not later than Monday afternoon.

Time to clean—November 21st to 25th inclusive.

Rubbish must be placed on parking, not in gutters or alleys, not later than Monday afternoon, November 25th. No trash of any description will be taken if put out after this date. Any put out after time specified will have to be taken away at owner's expense. Kind of rubbish to be taken away will consist of tree trimmings, vines, weeds and ashes, trimmings to come from front yards and parking lots only.

Will not take wire, tins, iron, glass, earth or sod, and such trash as is usually taken by the garbage collector.

## L. A. TO LIFT 'FLU' BAN ON THURSDAY

LOS ANGELES, Cal., Nov. 19.—The influenza ban on church services, theaters and other public gatherings, excepting schools, will be lifted in Los Angeles Thursday morning at 6 o'clock. Schools will not reopen for about ten days, it was announced today.

The conditions of lifting the ban may provide that masks be worn, but that point will not be definitely settled until after tomorrow's meeting of the health authorities. The management of the Liberty Fair, which will open Thursday, however, said today that a free flu mask will be given with every ticket.

It was considered probable today that masks will also be required in theaters when they reopen but the exact policy of the theatrical men was not determined because the police disbanded a meeting of the Theater Managers' Association last night, called to discuss the influenza situation, on the grounds that it was a gathering in violation of the closing ordinance.

The ban has been on public meetings since the influenza epidemic became serious during the last few days of September.

## ORANGE BOASTS PEACE TREE IN THE PLAZA

ORANGE, Nov. 19.—Standing on the southwestern side of the plaza directly opposite the speaker's platform, where it has received the full force of patriotic fire during the drives and rallies, a tree that stood barren through a generation of its existence, suddenly burst into bloom on the day that the war ended with the signing of the German armistice. This tree, variously called the Banana variegata, or Mountain ebony, or orchid tree, has been re-christened the Peace Tree on account of its peculiar behavior and from other features it possesses. Its leaves have a startling resemblance to the two wings of a dove and from its scented blossoms four stamens bend downward, one for each of the four years of the war.

The day that the war ended saw the first blossom that has ever appeared on the tree in the memory of old residents. Samuel Arner, who has resided here since 1873, declares that it has never bloomed before.

Adolph Dittmer, who noticed the phenomenon, and marked the curious likeness of its leaves to the dove wings has renamed it the "Peace Tree."

## HUNGER GOOD TONIC FOR HUN DEMOCRACY

If We Feed 'Em Too Much Militarists May Be Able to Return to Power

BY J. W. T. MASON  
(United Press Staff Correspondent)  
NEW YORK, Nov. 19.—The democratic movement in Germany may be seriously impeded and perhaps fatally handicapped if America and the Allies undertake to satisfy the hunger demands of the German people.

The world cannot deliberately let Germany starve but without permitting famine to exist, the Allied nations should compel the German people to know what partial hunger means for a long time to come.

The Germans at home have not had the full taste of war. Their territory has not been invaded, except for a small part of East Prussia, and they knew the personal meaning of the conflict chiefly because of food deprivations.

The German militarists are carefully watching for an opportunity to return to power. The fact that Alsace-Lorraine and Prussian Poland are to be taken from the German empire is not preventing the militarists from depending upon the future territorial expansion of Germany through the annexation of Austria. The German people have not shown any spirit of conversion to pacifism, except such as has been forced on them. The new government at Berlin has not removed a single high militarist from his post of authority.

If, under this condition, the German nation is fattened by plentiful supplies of food, there is good reason to believe the militarist spirit will be revived.

## BREW THIS TEA FOR BILIOUSNESS

Costs Next to Nothing, Yet Keeps Bowels In Fine Order and Ends Constipation

The head of every family that values its health should always have in the house a package of Dr. Carter's K. and B. Tea.

Then when any member of the family needs something for a sluggish liver, sick headache, or to promptly regulate the bowels, simply brew a cup and drink it just before bedtime.

It's an old remedy, is Dr. Carter's K. and B. Tea, and has been used for years by thousands of families, who get such good results from its use that they have no desire to take anything else. Give it to the children freely—they like it and it will do them good.—Adv.

and the German people will again become a world menace. Hunger is a good tonic for German democracy. Hunger for many months ought to be enforced upon the German people. Not starvation, but hunger. Enough food should be withheld from the Germans to cause them to taste a little of the suffering they have brought on the world. It ought not to be a question of how much food should be sent to Germany, but how little.

## PRESIDENT GOES TO FRANCE NEXT MONTH

(CONTINUED FROM PAGE ONE)

Refusal of any state to accept arbitration or submit to settlement would imply deliberate aggression, under the proposed rules of the league, and all other nations in its personnel would then take common cause against the offender, using economic or military disciplinary measures.

The league would determine questions of armament limitation, military training and war manufactures. One idea advanced is to have all munition plants under the government, thus abolishing profit-making armament firms whose pecuniary interest may rest in war scares, and progressive competition in preparation for war.

In conjunction with the league there has been strong urge, particularly by international labor leaders, for the formation of an international legislature in which representatives of every civilized state would have an allotted share in developing international legislation, such as minimum wage, child labor and other international laws advocated by labor.

Since President Wilson fathered the idea of the league, and has held it to be the most important thing to come out of the peace conference, there is a strong belief among diplomats here that he will be made the first president of this great international organization.

## HIGH PRICES, TAXES FOR ANOTHER YEAR

Thrill Lessons Learned In War Will Aid Readjustment, Says Banker

CHICAGO, Nov. 19.—Another year of high prices and taxes face the American people, in the opinion of David R. Forgan, president of the Chicago City National Bank.

He predicted today this period of adjustment will be followed by a step toward normal.

Forgan did not see immediate relief, following the expiration of the adjustment year, but rather expected the normal state to be reached gradually.

"It is most essential that the government use care in cancelling all war contracts and in the disposition of materials and plants only partially completed," Mr. Forgan said. "What is already under way must be pushed to a salable point for some industry otherwise there will be an enormous waste."

Increased production, sufficient wages and a general bettering of living conditions will preclude a scarcity of money for manufactures now compelled to return to a peace basis, Forgan believed.

He declared his belief that the situation will be better handled during the year of adjustment because of thrill lessons learned in war time.

## STORM SHOWS NO SIGNS OF LET-UP

SAN FRANCISCO, Nov. 19.—Weather officials here today saw no chance for immediate letup in the storm which has crippled shipping in San Francisco bay and along the coast and has flooded most of California with heavy rains.

Clear weather cannot be expected before sometime tomorrow or Thursday, the weather prophets said.

The storm, however, had subsided somewhat today. A score of reports were received here within the last 24 hours of tugs losing their tows and then regaining them. A dozen ships, including two new United States destroyers at the Union Iron Works, had to be shifted from exposed positions in the bay and several vessels broke away from their moorings and were captured after exciting chases by tug boats.

The China Mail liner Nanking from the Orient and the Oceanic liner Ventura from Australia were expected to reach port today. They announced by wireless yesterday that they had encountered the storm, which seriously delayed their progress.

While the storm has crippled shipping, it has been a godsend to the farmers. Danger of a power shortage at the hydro-electric plants was removed.

them, and would trade the prisoners for twenty cartons of cigarettes. A Grand Rapids soldier furnished the cigarettes and took charge of the prisoners.

Many front-line units have been relieved, including New England troops, Oklahomans and Texans, and have been sent back to rest billets for re-organization.

Just before the advance began Sunday I saw an outpost playing catch with a ball improvised from cloth and string in a field near the front line east of Verdun. From a nearby dug-out a German who had been left behind to assist in turning over some material approached and called in English, "Give me a catch."

The doughboys laughed and tossed the ball across a few times. The German said he lived in Milwaukee for ten years.

In some places the Americans refused to fraternize with the Germans, but in others they talked across the lines and traded tobacco and bread for buttons and other souvenirs.

Opposite some Massachusetts troops the Germans traded off all their ammunitions and equipment, declaring they had no more use for them.

—Poles Enlarge Control

COPENHAGEN, Nov. 19.—The Poles control Posen as well as a majority of the province, a Berlin dispatch reported today.

Thousands of soldiers celebrated the revolution Sunday in Berlin, marching through the streets and singing the Marseillaise, according to another dispatch from that city.

—Belgian Advance Told

HAVRE, Nov. 19.—"We have reached the line from Baesrode to Alost," the Belgian war office announced today.

"Our cavalry has advanced from Brussels toward Malines (midway between Brussels and Antwerp.)"

"Munitions depots were exploded at three rail stations in Brussels, setting fire to the station buildings."

## A CHILD'S TONGUE SHOWS IF LIVER OR BOWELS ARE ACTIVE

If Cross, Feverish, Sick, Bilious, Give Fruit Laxative at Once.

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without gripping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, Mother! If coated, give a teaspoonful of this harmless "Fruit Laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember, a good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."—Adv.

## L. A. Produce Market

The local market opened weaker yesterday than for some time and commodities moved irregularly throughout the early part of the session, but toward the close speculators began to appear in numbers and business lived up considerably.

The first car of the new crop of lemons from Tulare county arrived and showed excellent quality and fair color. Apples made a decided drop in prices, but string beans and other miscellaneous vegetables made a decided advance.

Onions continued to drop, with prices slightly higher than last week. Tomatoes were slightly cheaper, owing to the inferior quality of the stock offered. Apples varied readily throughout the session, all varieties being in good demand. Prices were practically unchanged from Saturday.

**WILL HASTEN WORK OF GRAND JURY TO LESSEN EXPENSES**  
It is the aim of Lew H. Wallace of Newport Beach, foreman of the grand jury, to get the work of that body completed as quickly as possible, and yesterday the work of going over the county's books was distributed among committees in a way that will help in bringing about the desired results.

A. B. Gardner of Santa Ana was selected as secretary and G. A. Whidden as assistant expert. The lead in experting the books will be taken by Carl Seamans of Yorba Linda, a member of the grand jury. Committees were appointed as follows:

On Books of Board of Supervisors—Seamans, J. G. Mitchell, H. H. Hale, Superintendent of Schools, Auditor, Treasurer, Tax Collector, Sheriff—Seamans, H. H. Reeves, H. M. Palmer.

Clerk, Recorder, Assessor, District Attorney, Coroner and Public Administrator—A. B. Gardner, Mit. Phillips, Charles Gammill.

Smaller Cities and Justices of the Peace—E. E. French, H. M. Day and E. E. Cooley.

Santa Ana, Orange, Fullerton and Anaheim—F. J. Adams, C. E. Jones, A. C. Mosher.

Roads and Bridges, Public Building—E. E. Jahraus, G. D. Toothacher, J. W. Nelson, W. D. Johnston.

The foreman will be in the courtroom of Department 2 every morning at 9 o'clock. The next general session of the grand jury will be held at 9 o'clock Saturday morning, at which time anyone with complaints can appear.

**ONE CALLS IT SALE; OTHER A COMMISSION**  
Today Judge West and a jury began hearing evidence in the action brought by W. H. Peterkin of Orange against the Randolph Marketing company of Los Angeles. The plaintiff asks \$1740.60, alleging that the defendant failed to make payments for oranges contracted in September, 1917, at \$2.65 a box. The defendant denies having contracted to buy the oranges, and alleges the deal was on commission only. The defendant asks \$246.60, alleged to be due as a commission for selling the fruit.

Those on the jury are B. T. Beale, H. Wynken, Oliver Hill, W. H. McDonald, F. H. Snyder, Fred Guether, J. S. Ellis, Alfred Shroshree, H. F. Shorting, J. E. Kellogg, W. J. Downs and Thomas Hill.

**PEACE RESULTS SHOWN IN NEW ROAD BUILDING**  
One of the first tangible results in this county of peace came today when the board of supervisors signed up a contract with J. G. Donovan for road grading at Yorba Linda. The bid was received and accepted several weeks ago, but the War Industries Board orders were such that no road building was allowed excepting when it was for war purposes. The ban is lifted, and the work is to be done.

Supervisor Leck was given leave of absence from the state for ten days.

**525 NAVAL PLANES ON DUTY ABROAD**  
LONDON, Nov. 19.—American naval officers today gave the United Press the story of the silent but thrilling work of the American naval air force in Europe.

Since the United States entered the war this force has officially sunk one submarine and probably six others, and has damaged many. Nine pilots were lost in action.

The total of American seaplanes in Europe is 525. The efficiency with which they have patrolled the ocean lanes is shown by the fact that sinkings by submarines decreased in good flying weather and increased in bad weather.

Allied naval officials declare that, despite the shortness of their experience, American pilots are not excelled by any.

One of the most perilous of their duties was reconnaissance flights from England to Heligoland to watch the German fleet. The chances of returning alive were only one in two.
